

MARCH ON WASHINGTON, D.C.

10.2.10

DEMAND THE CHANGE WE VOTED FOR
Come to DC on October 2 for an emergency mobilization of all our forces at this critical moment in our history!

The NAACP, SEIU 1199, United for Peace and Justice, the AFL-CIO, Green for All, and a broad range of civil rights, labor, peace and social justice organizations are calling upon us to join them in DC. Leading with a demand for jobs, this will be a massive demonstration to blunt the attack from the right and to unify a majority of Americans around a hopeful and inspiring vision based on social justice, mutual respect & common values.

- Take our government back from big oil and the banks.
- Stand up for the well-being and economic security of all our families.
- Stand up against hatred, intolerance & immigrant-bashing.
- Stand up for a society that works for all of us.
